

# Case Study

## Land Drain Maintenance

**Client - Scunthorpe & Gainsborough Water Management Board**

**Project Length - 2 years +**

**Project Value - £84,246.00**

### Solution

Ebsford Environmental are to offer specific water maintenance to the Scunthorpe and Gainsborough Internal Drainage Board (IDB) after a detailed tender procurement exercise managed by The Shire Group and North Lincolnshire County Council.

The contract will see in excess of 55,000m of drains cleared and de-silted between August and November for the next 2 years with an option to extend up to 2018.

As part of the award, Ebsford were commended by the Shire Group on their knowledge of vegetation, standards of health and safety as well as the unique approach that they provided to the board relating to specialist de-silting methods.

Nick Hartley (Managing Director) commented; "It is fantastic to be able to work in partnership with such a forward thinking group such as Shire and the Scunthorpe and Gainsborough IDB, all the way through the process they have been interested and willing to accept and endorse new approaches which offer not only financial, but significant ecological benefits. It is always comforting to be awarded long term contracts and a big congratulations must go to Adam Rolfe and the team, who have worked hard on what was a complex and challenging tender process".
